

## IE11 not displaying Shopper Campaign Website correctly

### Problem:

Shopper Campaigns Website doesn't load properly on IE11 and layout looks broken as example below

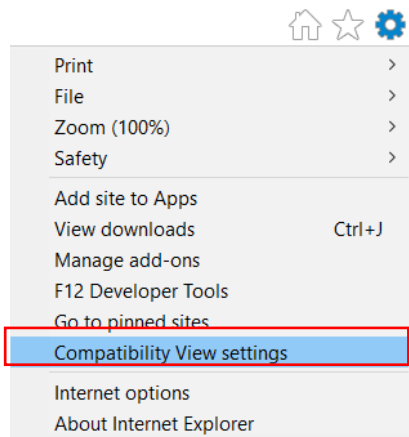

### How to solve this issue:

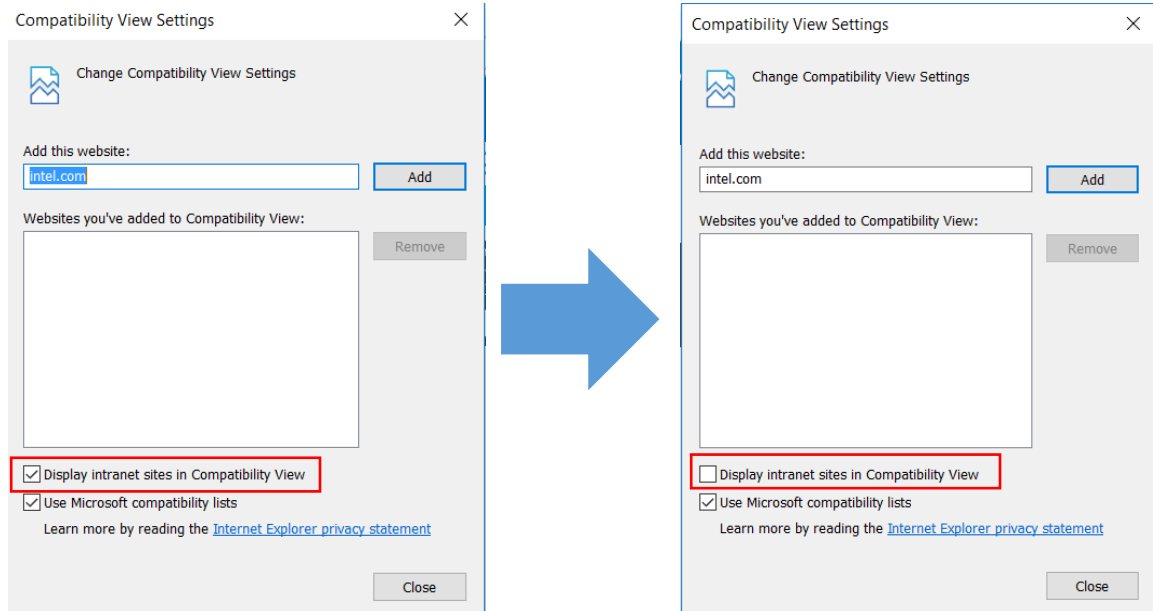

1. Click on **settings** on top right side of your browser

2. Click on **Compatibility View Settings**

3. Uncheck box: Display intranet sites in Compatibility View and then click to Close

4. Reload page to display content correctly
